Letter Flood

Long Beach District Total  
One Day 1000

Demand for Copyright Bar  
Removal Grows

(EXCLUSIVE DISPATCH)  
WASHINGTON, April 8.—Literally hundreds of thousands of letters and telegrams have come into Washington in the last few days in support of the Bill which would permit the use of any musical work over the radio regardless of copyright or royalty payment.

The telegrams and letters from one Congressional district in California—that of Congressman Lindeberger of Long Beach—today totaled more than 1000 and these communications were all submitted to the Senate Committee on Patents which will start hearings tomorrow on this measure which, if enacted, will clarify the law of copyright so that no royalties of any kind can be collected on any musical offering broadcast by radio.

Associated composers, artists and singers are attempting to continue in force the present copyright limitations under which suits have been begun to restrain musical compositions because the same were broadcast by the radio at different points in the United States.

Witnesses from the various departments of the government and from scores of localities are expected to demand that the radio be freed from all copyright restrictions and the air be cleared for the enjoyment of any musical reproduction either with or without charge for the broadcasting.

If the letters and telegrams which have been received from practically every district in the United States are any indication of the interest and demand of the radio users of the country there is no doubt that the copyright will not apply to radio broadcast music anywhere in the United States and efforts will be made to make this new legislation immediately effective.

**ADDED MOTOR TAXES  
RESULT OF HEARINGS**

**EQUALIZATION BOARD FINDS  
THOUSAND UNLICENSED  
TRUCKS IN SOUTH**

(BY A. P. NIGHT WIRE)  
SACRAMENTO, April 8.—Motor-vehicle transportation taxes totaling more than \$200,000 per year will be added to the State's revenue as the result of hearings conducted by the State Board of Equalization at Los Angeles, Orange, San Diego, Imperial and San Bernardino counties.

Members of the board who returned to the Capitol today reported that the hearings turned up more than 1000 trucks operating in those counties without the license required by the 4 per cent State tax law of 1923.

Other hearings will be conducted by the board as circumstances require, declared M. D. Luck, secretary of the board, who is in charge of the transportation of persons or property for hire on the highways.

Failure to obtain the license is punishable by a penalty of \$500 or imprisonment for six months.

**DEMANDS ACTION ON  
MUSCLE SHOALS BID**

**HARRISON MAKES THREAT OF  
TAKING PROPOSAL BE-  
FORE SENATE**

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 8.—A threat by Senator Harrison, Democrat, Mississippi, to move for discharge of the Senate Agriculture Committee from consideration of the Ford Muscle Shoals bill was made before the committee today when it met to take up the measure, already passed by the House.

The committee voted to take up all bids on the 15th inst. and consider them for one week. Senator Harrison said if the Ford bid were not taken up for consideration by the 23rd inst. he will make his demand that the Senate place it on the calendar as unfinished business.

A new bid, Washington attorney, former Representative from Missouri, on behalf of a private corporation, is to be described as a compromise between the government and private operation.

**APPEALS MADE FOR  
CONDEMNED SLAYER**

**DOOMED MAN HELD TO BE  
CHRISTIAN NOW, JUDGE  
BACKS PLEA**

(BY A. P. NIGHT WIRE)  
SACRAMENTO, April 8.—On the ground that the condemned man has been converted to Christianity pleas are being made to Gov. Richardson to extend executive clemency to John V. Hendrix, sentenced to hang at San Quentin Prison next Friday morning for murdering Thomas Kester in San Diego county in August, 1922.

Superior Judge Marsh of San Diego, who sentenced Hendrix, is one of those who is urging the Governor to commute the death penalty to life imprisonment. Judge Marsh had no alternative in imposing the sentence under the verdict of the jury.

Hendrix, whose sentence was upheld by the Supreme Court, killed Kester by beating him with a club. The two men were partners in the operation of a liquor still.

**FAMOUS BOOKS SOLD**  
(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, April 8.—The first day's sale of the famous Britwell Library realized approximately \$100,000. The main portion of the really good works will go to the United States. A. S. Rosenbach expended \$50,000 for many volumes, the chief of which cost him \$5000 and which is a sort of diary of Alexander Barclay, a priest, printed in 1580.

# LIFE RISKED TO SAVE HER BABY IN FIRE

Mother Rushes Through  
Flames, but is Happy  
Although Badly Burned

(EXCLUSIVE DISPATCH)  
GRAND JUNCTION (Colo.)

April 8.—Lying on her bed of agony, her body seared from head to foot with hideous burns, Mrs. D. R. Crocker smiles through her suffering for mother love knows no pain.

Early in the morning in her small room on the third floor of a rooming-house, Mrs. Crocker attempted to light a fire with kerosene. There was the flash of an explosion which partly blinded the woman. Her clothing became ignited and the only exit to the room was out of a ceiling hatch.

The mother snatched the child, wrapped it in several folds of bed-clothing, which formed a heavy, protective covering from the flames, and rushed through the flames, which were about to plunge. Then with one desperate leap she shot through an unopened window to the ground twenty feet below. The child was virtually unharmed.

Crocker was taken to Grand Junction Hospital. She will live, it is thought by physicians, reunited to gain and happy in the thought her baby was saved, that kind Providence guided her heroic act.

**RECORD SUGAR CROP  
IN WORLD FORECAST**

**AGRICULTURE DEPARTMENT  
EXPECTS 21,500,000  
TONS THIS YEAR**

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 8.—A record world sugar crop is forecast in reports received by the Department of Agriculture, indicating a production of 21,500,000 short tons this year, as compared with 20,400,000 short tons last year and the previous record crop of 21,000,000 short tons in 1913-14.

This year's forecast indicates a cane production of 71 per cent and a sugar beet production of 25 per cent, whereas in 1913-14 nearly 50 per cent of the total supply was beet sugar of which more than 90 per cent was of European origin.

Beet sugar production this year is expected to be about 6,300,000 tons; the Cuban crop of cane sugar is forecast at 4,271,000 tons. The Louisiana crop is short, but more than makes up for the larger beet sugar production of continental United States.

**MONROVIA WILL HAVE  
FINE NEW THEATER**

(LOCAL CORRESPONDENCE)  
MONROVIA, April 8.—Frank R. Alexander, proprietor of the Colonial Theater, announced today that he will begin the erection of a \$150,000 modern theater on West White avenue between Primrose and Myrtle avenues. The theater will have a well-equipped stage and will be capable of presenting the most elaborate legitimate productions as well as screen plays.

The seating capacity will be 1500. Work will be started immediately, and the theater is expected to be completed early this fall. It will be the most beautiful and biggest theater in the San Gabriel Valley, it is said.

**SEWER-BOND VOTE  
FOR SAN FERNANDO**

(LOCAL CORRESPONDENCE)  
SAN FERNANDO, April 8.—The City Trustees have called a sewer-bond election for the 25th inst. on a proposal to issue \$50,000 bonds. The money is to be used in the installation of 7000 feet of trunk line for sewerage and in the construction of a disposal plant. This will be of the septic type and will be located on a tract of fifteen acres in Pacoima Wash. Permission thus to dispose of the city's waste has been given by both the State and Los Angeles City Health Boards. Ultimately, it is the San Fernando plan to abandon the septic tank and connect with the outfall to be built through the valley by Los Angeles city.

**MOTORIST CHARGED  
WITH INTOXICATION**

(BY A. P. NIGHT WIRE)  
SANTA MONICA, April 8.—Y. Yoshitomi, 695 Pennsylvania avenue, is being held in the local jail following an accident in which he is asserted to have crashed into a car driven by J. W. Swyer, 5032 Western avenue, Los Angeles. The motorists were unhurt.

The collision occurred at the intersection of Seventh avenue and Alta street. Yoshitomi will appear before Police Judge Garrett on a charge of driving an automobile while under the influence of intoxicants.

**CHAMBER SECRETARY  
IN CALEXICO RESIGNS**

(EXCLUSIVE DISPATCH)  
CALEXICO, April 8.—George Gage has resigned as secretary of the Calexico Chamber of Commerce after serving for nearly a year. His resignation will take effect May 1. Ill health was asserted as the cause for the action of the secretary, who did much to build up the Chamber of Commerce since taking charge of the secretary's work here. The directors are considering the applications of two Calexico men for the secretary's place.

**REDLANDS MAN AND  
EMPLOYEE INJURED**

(EXCLUSIVE DISPATCH)  
REDLANDS, April 8.—Charles Blackburn, well-known business man of this city, was injured last night when his automobile skidded on the county road above Montrose and turned over. He was returning from Greenspot with Miss Ruth Woods, an employee at his home, who had been visiting at her home there. Blackburn is in the hospital with a badly lacerated face and head and several cracked ribs. Miss Woods also was cut about the face and suffers from a long gash in the scalp.

# ARIZONA SAD OVER DEATH OF SENATOR

Capitol Flag Placed at  
Half Mast for Smith as  
People Mourn Loss

(EXCLUSIVE DISPATCH)  
PHOENIX, April 8.—Gov. Hunt today directed the flag of the State Capitol placed at half mast and issued a statement expressive of the sorrow felt within Arizona over the death of Marcus Aurelius Smith, for years Representative in Congress from Arizona and Senator for two terms since Statehood. The Governor termed Senator Smith a unique and lovable character, author of Statehood for Arizona and a pioneer whose memory will be held in reverence.

**PIONEERS OF ARIZONA  
GATHER AT MEETING**

**NEARLY 3000 AT REUNION  
HELD IN PHOENIX FOR  
OLD RESIDENTS**

(EXCLUSIVE DISPATCH)  
PHOENIX, April 8.—Nearly 3000 Arizonans of thirty-five or more years residence gathered today at Riverside Park in the annual reunion of the Arizona Pioneer Association. Guests of Dwight B. Heard of the Arizona Republican, welcomed by Judge Frank O. Smith, the principal address on the part of the pioneers was by Judge Ed Wells of Prescott, who came to the State in 1861.

Among the attendants was the widow of Jack Swilling, who first settled the Salt River Valley in 1868. President of the association is Charles Clark, who was the first military telegraph operator in Phoenix. Miss Shariot M. Hall of Prescott, former State historian, read a poem of frontier life. At noon there was a barbecue dinner, after which there was a dance with orchestra, and the meeting will continue through tomorrow.

**DEVICE FOR SALE OF  
DRINKS ON AIRPLANES**

(BY CABLE AND ASSOCIATED PRESS)  
LONDON, April 8.—It is reported that each of the passenger airplanes operating between Manchester and Belfast carries a slot machine from which a passenger can withdraw a small bottle of whisky, one of soda water and a glass for two shillings, six pence. The licensing authorities are trying to figure out if it will be legal to operate this refreshment-dispensing device, whether on the ground, in the air or at any point on the flight, and accordingly what tax to levy.

**PUBLIC OFFICIALS  
ATTEND TONG BANQUET**

(BY A. P. NIGHT WIRE)  
FRESNO, April 8.—Fresno's Chinatown blossomed under gay lights today while delegates arriving to attend the ten-day convention of the Bing Kong tong that opened tonight with a banquet at which some 600 guests and their guests city and county officials. Arrangements for the banquet are in charge of Monok Yokoyama, president of the tong in this district. Codification of principles to launch a new era of education for Chinese children will be considered at the convention. One hundred and fifty delegates are expected.

**GLENDALDE ELK LODGE  
INSTALLS OFFICERS**

(LOCAL CORRESPONDENCE)  
GLENDALDE, April 8.—Impressive ceremonies Monday night marked the installation of the officers who were recently elected to direct the affairs of the Glendale Lodge of Elks, No. 1282, when Exalted-Ruler James A. Apple turned over the gavel for the coming year to Earl S. Patterson, who has been holding the post of Exalted-Ruler since the death of the late Leading Knight, and who has moved up through the various offices in the lodge. Elk members of the San Fernando Valley towns were present at the installation, as well as from other lodges in Southern California. The installation was conducted by John C. Morton, Past Exalted Ruler of the Santa Monica Lodge of Elks, assisted by the officers of that lodge, following a dinner at which the retiring and the incoming officers of the Glendale lodge were hosts to the Elks of Santa Monica and Pasadena.

**WIFE SLAYER'S TRIAL  
STARTS IN DENVER**

(BY A. P. NIGHT WIRE)  
DENVER, April 8.—Trial of Fred Janssen, confessed slayer of his wife, whose dead body was found in a trunk at Ogden, Utah, on March 15, last, started today in the West Side Criminal Court. Janssen's defense to the crime, it has been intimated, will be insanity.

**Use BRONZE or COPPER Screens  
for Hard and Long Service**

Sturdy Copper screens in Pullman car windows are a familiar sight. Copper and Bronze (Bronze screening is 90% copper) have no stronger endorsement than this use; for the Pullman Company buys Copper on the basis of actual experience with screening materials.

To screen any building—home, hotel, hospital or apartment—you, too, will find Copper or Bronze the best and most economical. Galvanized screening has to be painted, patched and replaced periodically. Bronze or Copper screening will last for a generation or longer. The slight difference in first cost is returned to you over and over again. Use Copper or Bronze screening. It pays.

Copper and Bronze are cheaper because you pay for them only ONCE.

## Bank of France Sends Tons of Gold to London

PARIS, April 8.—Thirteen tons of gold ingots, representing \$1,000,000, were sent secretly from the Bank of France to London under a heavy guard last night. English officers took charge of the gold at Calais.

The Bank of France's action in exporting a portion of its gold reserves caused surprise in Paris in view of a statement of M. L. Laffay, former Minister of Finance, in a recent speech wherein he said that the Bank of France had not used a single coin to bring about Anglo-American credits to save the falling franc.

## ORDER RAIL LINE TO TEAPOT DOME AREA

WASHINGTON, April 8.—The Interstate Commerce Commission today authorized the North and South Railway Company to build a \$11,000,000 line from Mill Creek, Mont., to Ilco, Wyo., and from Mills to Casper, Wyo., reaching into the Teapot Dome oil fields.

### RANDALL SUBDUES SUDS BEFORE PACKED STANDS

Home by Baldwin is Seattle's Only Tally in 5-to-1 Angel Victory; Ten Thousand See Game

BY BILL HENRY  
Ten thousand breathless baseball bugs jammed the press box and grand stand, and almost filled the most distant corners of the bleachers at Washington Park yesterday afternoon to witness the first game of the 1924 baseball season. Rain clouds hung lower than last place in the league but one of the largest crowds in history turned out to root vociferously for the Angels as they took the field.

Seattle's 5-to-1 victory over Sacramento was being dangled before the eyes of the fans in the press box.

Seattle's victory was a surprise to many who had expected the Angels to win. The game was a close one, with the Angels leading in the first inning.

The game was a close one, with the Angels leading in the first inning. The Angels' pitcher, George Washington, was the star of the game.

MISS SHERWOOD IS VANQUISHED  
Loses 3 and 2 to California State Golf Champ

Other Favorites Come Through in Title Tourney

Miss Kavanagh Faces Florence Halloran Today

BY CHARLES WEST  
Participants in the women's California State golf championship have obligingly done what they were supposed to do yesterday in the first round of match play at the Brentwood Country Club.

Miss Kavanagh survived the first round of play after defeating Miss Rosemary Sherwood of Philadelphia, 3 and 2, after a hard struggle.

At the sixth hole the match was all square, but by steady playing and profitable use of a couple of strokes she had the eastern star 3 down at the turn, and forced her opponent to hold her lead for the rest of the match.

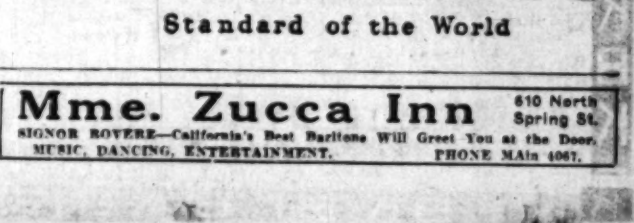

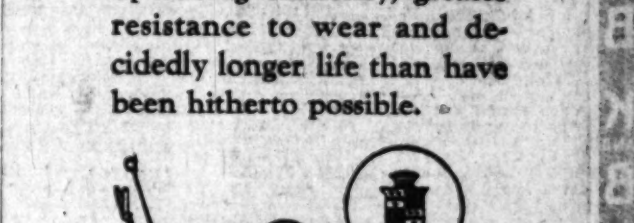

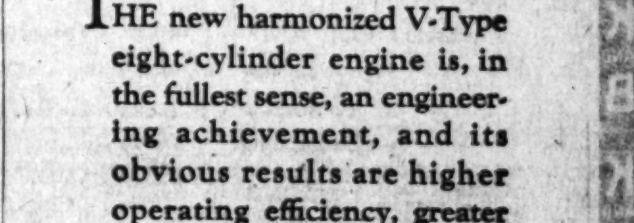

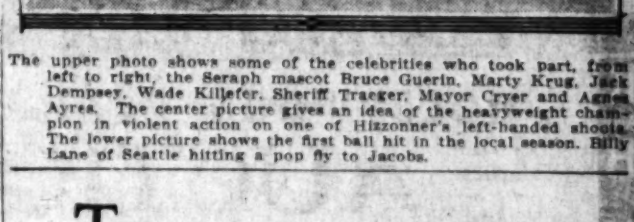

SPLENDID GOLFER  
Miss Halloran advanced yesterday by defeating Mrs. C. K. Moore rather easily, 4 and 4. She plays her shots beautifully, has had considerable experience in tournament golf, and from the way she has been playing lately a victory for her today in competition with Miss Kavanagh, while not anticipated, would not startle anybody very much.

Miss Mary Browne, medalist in the tournament with a sensational 73, vanquished Mrs. G. M. Midgley, 4 and 3. She went out in 44, being one up at the turn, and forced steadily to the front on the way in.

THE SEATTLE INDIANS OPENED UP BY LOSING THE FIRST BALL GAME TO THE ANGELS, 5-1

## Some of the Game's Sidelights

The upper photo shows some of the celebrities who took part, from left to right, the Seraph mascot Bruce Guerin, Marty Krug, Jack Dempsey, Wade Kilgus, Sheriff Tricker, Mayor Cryer and Agnes Ayres. The center picture gives an idea of the heavy-weight champion in violent action on one of Hixson's left-handed shoots. The lower picture shows the first ball hit in the local season, Billy Lane of Seattle hitting a pop fly to Jacobs.

## PREPS IN TRIALS TODAY

Preliminary Heats of City Track Meet to Be Staged at Coliseum This Afternoon

Preliminary heats for the Los Angeles City Meet will draw scores of prep followers to the Coliseum this afternoon. While finals are not scheduled until Saturday, there is sufficient interest in the championships to insure a fair turnout of track fans at today's elimination trials and more than 15,000 persons are expected to attend Saturday's finals.

Elimination heats will be held today in the sprints, hurdles and 440 of the open meet and in the 100-yard dash, and he should win easily. Williams of Manual Arts and Floyd of Lincoln are favored over the other contestants in this heat. In the second heat Archie Woodard of Jefferson, Klein's chief rival, is expected to win with Maxzett of L. A. High and Fernandez of Lincoln qualifying.

The University of California varsity won both games from U.S.C. at the Coliseum yesterday, 11-2 and 8-5. The second game went only six innings in order to permit the Bears to catch the Padres north. The heavy hitting of Kite and Tarzan Smith featured both games, especially the sticking of Smith, who got a homer with the bases full in the first game and three doubles into the rightfield bleachers in the second contest.

This gives the Bears the series two out of three and puts the Trojans out of the race for Coast honors.

Raney of U.S.C. opened the first game with a single. Adams took three swings and Garphide scored Raney with a long homer into the center-field bleachers but was called out for failing to touch second base. The Bears registered two runs in the first on a walk and a home run by Kite, giving the Bears a two-to-one lead. The Trojans evened it up in the fourth on two walks, a steal and an infield hit by Teller.

Adams featured the sixth by a difficult catch of a liner by Morse. The Bears had their batting practice in the sixth and ninth, scoring four runs in each frame. After Scott had walked three in a row Tarzan Smith cleaned the bases with a long homer into the center-field bleachers, the ball hitting the back of the bleachers.

The second game was more interesting, but Kelly and McEnaney had the edge on Thomas, who permitted several Bears to fatten their batting averages. Kelly pulled out of a bad hole in the first after giving three walks by fanning Chabre. The Trojans grabbed the lead in the second when Foss lined a hot one through third and put the ball in the short right-field bleachers for a double. Raney singled to center, scoring Foss. The Bears evened it up in the third. Gerloch walked, stole second and scored on a single by Kite.

Raney singled to center, scoring Foss. The Bears evened it up in the third. Gerloch walked, stole second and scored on a single by Kite.

Kite opened up in the fifth, pulling up four runs on two walks, three hits and two errors. Raney, Kite, Morse and Smith scored for the Bears.

Hunter featured the Trojans' half of the fifth when he stole second, third, and home. Most of the Bears stood and watched Hunter give his speed exhibition.

The Bears got three more in the sixth on two doubles, three singles and a wild throw by Chabre. U.S.C. came back with three in their session after two men were out.

The second game was called by (Continued on Page 2, Column 4)

## DECISION TO O'DONNELL

Johnny Trims Archie Walker in Hollow Fashion at Doyle's Boxing Pavilion—Murphy Wins

Johnny O'Donnell won an easy battle over Archie Walker last night at Jack Doyle's pavilion. Walker had the first round, giving O'Donnell a boxing lesson. The second was O'Donnell's, who staggered Walker with a left to the head. The third was O'Donnell's by a big margin as was also the fourth. O'Donnell kept socking with rights and lefts to the head and chased Walker all over the ring.

Between two of the bouts, the lights were turned off and the gong sounded ten times in respect to the memory of Fred W. Thatcher, a stanch boxing fan who died here last week.

## REMINGTON ARMS GRAB SHOOT PRIZE

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 8.—The National Rifle Association announced that the Remington Arms Club of Bridgeport, Ct., had won the civilian club gallery rifle championship with a score of 2915, 3300, one point better than the Quinlup Rifle and Revolver Club of New Haven, Ct.

The women's intercollegiate championship was won by the University of Washington Girls' team, with a score of 2785; the men's intercollegiate championship went to George Washington University with 2915. Modesto (Cal.) High School won the high school championship with 2922.

## HOPPE TRIMS HOREMANS

(BY A. P. NIGHT WIRE)  
NEW YORK, April 8.—Willie Hoppe, 18-2 balk-line billiard champion, won the first block of a 1500-point match with Edouard Horemans of Belgium, tonight by a score of 590 to 424. The block went thirty-six innings. Hoppe finishing before he had completed his run.

REG. U. S. PAT. OFF.  
For Internal Cleanliness

### Internal Cleanliness Protects Against Disease

It is but a step from those immediate results of constipation—headache, nervousness, loss of appetite—to serious disease. Such minor ailments are a warning that poisons from food waste are flooding your body. Keep clean internally.

In constipation, say intestinal specialists, lies the primary cause of more than three-quarters of all illness, including the gravest diseases of life. Medical science, through knowledge of the intestinal tract gained by X-ray observations, has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage out of the body. Thus Nujol brings internal cleanliness.

Nujol is not  
a medicine or  
laxative and  
cannot gripe.

## IMMIGRATION BILL TO FORE

House Has Night Session to Wind Up Debate

Two Democratic Members Close to Blows

Senate Restores Students to Exempted Class

WASHINGTON, April 8.—The House met today to wind up the debate on the Johnson immigration bill. Tomorrow and Thursday the measure will be laid aside for other business, but will be taken up again Friday with amendments in order. For a time today immigration also was under discussion in the Senate. Advocating his amendment to the immigration bill pending in the Senate for exclusion of Japanese on a line similar to the Johnson bill, Senator Shortridge, Republican, California, assailed the "gentlemen's agreement" with Japan and declared it had failed to work to the best interests of the Pacific Coast.

In the House Representatives Baker, Democrat, California, and Miller, Republican, Washington, expressed similar views. They contended that the provision in the Johnson bill which would bar entry to permanent residence of aliens ineligible for citizenship was needed to cope with the vexing racial problem on the west coast.

**TO EXEMPT STUDENTS**  
Late in the day the Senate adopted, without record vote, an amendment approved by the Immigration Committee, to restore students to the class exempted from the quota count. It was opposed by Senator Shortridge and other western Senators.

Convening an hour earlier than usual, the House devoted the entire afternoon to immigration debate. After a two-hour dinner recess, it went back into session for other three-hour discussion. With time divided equally between supporters and opponents of the bill, about fifty Representatives discussed its provision and the policy it lays down. Those in opposition, for the most part, attacked the sections which would fix immigration quotas at 2 per cent based on the 1890 census, instead of 2 per cent on the 1910 census, as now prevails.

**WOULD PREFER TOTAL BAN**  
There was a bit of by-play today which nearly developed into a fist fight. Representatives Watkins, Oregon, and Gallivan, Massachusetts, both Democrats, came close to a clash when Watkins took exception to an undertone remark Gallivan directed at him and started toward the Massachusetts member with fists clenched. Several House members got between the two.

Chairman Madden of the appropriations committee, also came out in opposition to the bill, attacking it particularly because, he said, it would put nothing to stop the influx of laborers from Mexico. Commenting on this point, Mr. Parker, who is a member of the immigration committee, declared that immigration of Mexican laborers could be effectively dealt with by enforcement of the contract labor laws.

Representative Boy of Texas, Democratic member of the committee, declared the bill should be passed by the House without a single amendment. House leaders, hoping to put the Johnson measure to a vote before the Senate can act on its bill, which differs materially from the House proposal, are pressing for final action on the bill by Saturday.

### WOMAN OF ARIZONA NAME CLUB OFFICERS

TUCSON (Ariz.) April 8.—Mrs. J. H. Westover, wife of a Yuma newspaper man, has been elected president of the Arizona Federation of Women's Clubs. Mrs. George F. Kitt of Tucson and Mrs. Lloyd Christy of Phoenix are vice-presidents. Mrs. John Bevan of Bisbee is recording secretary. Mrs. James Garvin of Somerton, corresponding secretary, and Miss Mary Royer of Flagstaff, treasurer. The five district federation presidents were elected as delegates to represent the State federation at the June biennial meeting of the National Federation of Women's Clubs. They are Mr. J. W. Lowmesth of the southwestern State district, Mrs. C. H. Rooser of the central district, Mrs. Walter Odds of the northern district, Mrs. George Reynolds of the southeastern district and Mrs. George Kitt of the southern district.

### CANADIAN MINING WORK PROGRESSES

VANCOUVER (B. C.) April 8. Enormous development work is planned for the mining district of Portland Canal this spring. Already about \$5,000,000 has been banked in Vancouver on which drafts will be made as the work progresses. The Premier mine of the Portland Canal has made this country famous, and this year five new mines will open, three on a shipping basis and the others not yet committed as to the extent of their work. Two engineers are in Vancouver now awaiting the opening of navigation in that country so they can make long inland trips to properties back of Portland Canal. These men represent British interests.

### ROMANOFF JEWELS NOW WILL BE SOLD

WARSAW, April 8.—The Polish government has begun negotiations with two Dutch concerns for the sale of jewelry estimated to be worth \$10,000,000, received in 1922 from the soviet government as a pledge for the payment, according to Clause 14 of the Riga Treaty, of 20,000,000 rubles (\$15,000,000) due Poland for railway rolling stock destroyed. The soviet government agreed to redeem the pledge in March, 1923, and in failing to do so lost its jewelry to the jeweler. The jewels consist partly of the Romanoff dynasty's crown jewels, mostly large pearls, rubies and emeralds.

### SPURNED MAN ENDS LIFE

TOKIO, April 8.—Dependent because he was spurned by a pretty waitress employed at the Seyoken restaurant at Kyoto, Kozo Mituchi, a young professor of the Kyoto Buddhist philosophy, committed suicide by throwing himself in front of a train. Chuso Mituchi, a prominent leader of the seiyukai political party, was on the train that killed his son. The youth was a graduate of the Tokyo Imperial University, where he specialized in philosophy and German literature.

### DAVID S. POGUE

PHOENIX, April 8.—David S. Pogue, 32 years of age, and a resident of Arizona for fifty years, died here at the home of his son. He leaves eight children, including five sons and a daughter in California.

### PLUMAS OFFICIALS PLAN HIGHWAY LINK

ASSERT IT IS INDEPENDENT OF PLANS BY STATE COMMISSION

QUINCY (Cal.) April 8.—Preliminary plans for the construction of a highway between Quincy to the Butte-Plumas county line, a distance of approximately eight miles, were formulated today at a meeting of the Plumas County Board of Supervisors. The estimated cost is \$125,000.

County Surveyor Watson was directed to examine the proposed right of way through the North Fork Canyon of the Feather River to establish definite survey and construction costs.

The new highway will be independent of any plan of the State Highway Commission, it was announced. The action of the Supervisors followed a report by the county highway committee that the State body had virtually refused to consider the building of the Plumas county lateral of the State Highway on account of the cost involved.

### MURDER CLEW FOUND

JEROME (Ariz.) April 8.—The mystery of the killing of Andres Garcia, found dead near a lonely trail, is about to be cleared up, according to the local police. Two Mexicans have been arrested and evidence has been obtained of jealousy in connection with one of them, Vicente Chacon, whose divorced wife conducted a house where Garcia had lodged.

### Your Shoes Will Get You If You Don't Watch Out!

By C. H. Fontius.

I know of many cases where ill-fitting shoes have caused a breakdown in health.

Cramping the toes and twisting the feet into unnatural shapes quickly affects other parts of the body—resulting in back pains, headaches and general nerve strain. All these troubles are directly traceable to so-called "stylish" shoes.

Every day people come upstairs to my Ground Gripper Shoe Store look-

ing for relief from much more than just foot pains. And we fit them with naturally shaped, comfortable Ground Gripper Shoes. As their feet regain health in Ground Grippers the whole body improves also. Ground Gripper Shoes are the very foundation of health!

Before your shoes "get" you come to this upstairs health-shoe shop and learn the many advantages of these sensible shoes. There are many new, good-looking styles on display.

### Home Treatment For Piles

If you suffer from bleeding, itching, blind or protruding piles, you can easily treat yourself at home with Mrs. Summers' Pile Supporters, and avoid needless expense and suffering. Safe, healing, soothing. Users report speedy relief and recovery. Ask your druggist, or send today for FREE TRIAL, with useful information, by addressing The Summers Medical Company, Box 55-P, South Bend, Ind.—(Advertisement.)

### Blackheads Go Quick By This Simple Method

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of calomine powder from your druggist—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. Pinching and squeezing blackheads only open the pores of the skin and leave them large and unsightly—while the simple application of calomine powder and the water dissolves them right out, leaving the skin soft and the pores in their natural condition.—(Advertisement.)

## Alaska Packers' Ships Sail With Open Shop Crews

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, April 8.—The ships of the Alaska Packers' Association are putting to sea for the 1924 season with open-shop crews as a result of differences over working conditions. It was announced today by A. K. Tischenor, vice-president of the association. "There is no question about wages or added payments," Tischenor said. "It is the usual yearly family quarrel about working conditions."

**CAVITE STRIKE THREATENED**  
(BY CABLE-EXCLUSIVE DISPATCH)  
MANILA, April 8.—A general strike of 3000 Filipino laborers at the Cavite navy yards is threatened as the result of a reduction in wages of some Filipino foremen and the replacement of others by Americans.

## Kobe Shanghai Hong Kong

via Honolulu

a finer service—fortnightly schedules

The Orient is now more accessible. It is easily and comfortably reached.

You can see Hawaii's beauties, filling a day with the keenest pleasure or spending weeks and months among its delightful environs.

Japan, that most progressive island kingdom, is a charming spot. You find a rare combination of the beautiful, the quaint and the ultra modern.

China's age-old civilization, the cosmopolitanism of Hong Kong, gorgeous temples and strange customs and peoples are intriguing beyond description.

And you can go to these wonderful places aboard great *President Ships* that offer the last word in commodious, luxurious and delightful accommodations.

For the seven sister ships of the Dollar Steamship Line leave Los Angeles on fortnightly schedules, making Honolulu, Kobe, Shanghai, Hong Kong, Manila and the British Straits Settlements.

From there they continue, without change, on Round the World. It is a unique service, fine in every respect.

Visit the Orient. And go in the way this unexcelled service enables you to go.

Full information is gladly given by the Dollar Steamship Line office or by any local ticket or tourist agent.

## Draperies Becoming to Each Room of House

Our drapery department prides itself upon its versatility—its ability to furnish draperies of all sorts simple or elaborate—lace nets, sheer marquisettes, brilliant cretonnes, quaint chintzes, rich velours. Every room can find here its own becoming drapery bringing out the tones of its other furnishings with the color of its hangings.

Antique velours, 50 inches wide, in many rich color effects, two-tones of rose and blue, taupe and rose, blue and gold, etc. \$6.50 the yard.

Lace Panel Curtains of Quaker Craft Fillet Grandee—with the look of the soft yarn, big mesh antique Italian fillet. Each, \$8, \$9.75, \$12, \$13.50.

Casement Curtains in bisque, gold and ecru. Priced \$6.50, \$6.75, \$8, \$9.75 to \$10.50 each.

Breakfast Room and Sun Parlor Curtains in quantities of delightful patterns and colors, among the most charming are Keswick Prints, 36 inches wide, 85c the yard.

(Hamburger's—Third Floor)

## Cut Glass Suggests Gifts For The Easter Bride

Those who are thinking of gifts for Spring brides—especially unusual gifts moderate in price—will find many suggestions in our showing of American cut glass. It has come from some of the best factories in the country, and it is all gracefully modeled, fine and clear with brilliant mica cut designs. Here are just a few of the many values:

4 1/2-in. Round Nappies, \$1  
Box Box Dishes, of many shapes, \$2.95  
5-in. Nappies, \$2.50  
(handled, \$2.95)  
8-in. Nappies, \$4.95  
Mayonnaise Sets, \$5.95

Celery Trays, \$4.50  
Box Box Baskets, \$4.95  
and \$5.95  
5-in. Compotes, \$6.50  
Bowls, \$4.95 up  
Cut Glass Vases, \$1.50 up

(Hamburger's—Fourth Floor)

## "The Hardman Piano

*I regard as a superlative fine one.*—Tetrazzini

The piano that won such praise from one of the great artists of our day has qualities that recommend it to every musician and every music lover. Every Hardman has a fine full tone, is very responsive and stands up well, even under severe usage. You may expect to find excellent workmanship, always, in a Hardman.

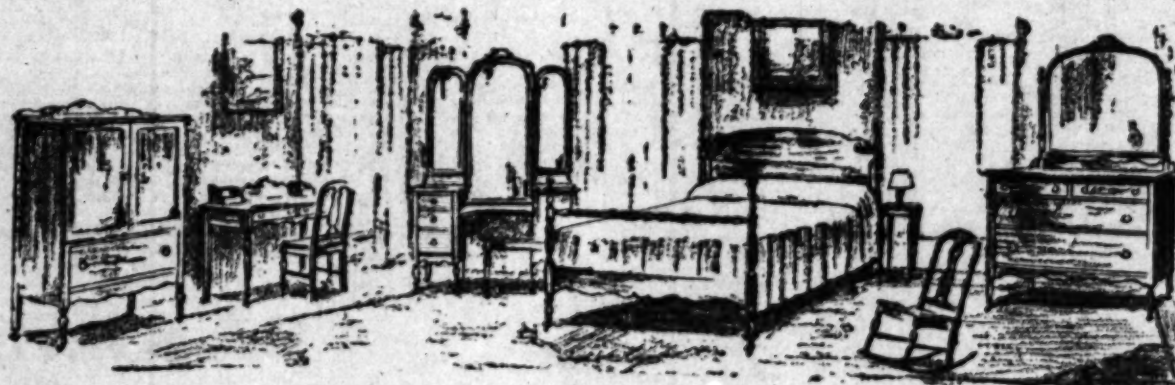

We carry a complete line of Hardman pianos including uprights, players, grands and reproducing pianos. The Hardman Small Grand is of particular interest to those who live in bungalows or small apartments whose limited space often makes the possession of a larger grand piano impracticable. These small grands, occupying scarcely more space than an upright, have a tone volume equal to that of much larger grands.

(Hamburger's—Music Salons—Fifth Floor)

## Taffeta Pillows—Round or Oblong—Are \$4.95

They give a touch of luxury to living room or bedroom—these silken pillows in gay colors! Covered with changeable taffetas in blue, rose, green, old rose and black. Elaborately shirred, piped or trimmed with flounces. They are extremely moderate at this price, too.

(Hamburger's—Third Floor)

## This American Colonial Bedroom Suite Has Character and Grace

With American Colonial furniture, chintz curtains, and hook rugs a bedroom becomes indeed a thing of beauty. The illustration suggests the grace of line, but the impression of dignity and solidity, and the beauty of finish that makes this furniture priceless, are not transferable to paper. The prices quoted below will show how remarkable a value this suite is:

Dresser with 21x48 top and 28x34 mirror, \$85  
Dresser with 20x42 top and 28x30 mirror, \$75  
Dresser with 20x42 top and 22x28 mirror, \$65  
Chifonier with 20x36 mirror, \$67.50  
Chifonette, \$65

Desk, \$35  
Chair, \$15  
Rockers, \$15  
Bench, \$15  
Stand, \$15

(Hamburger's—Furniture—Fifth Floor)

Chifonier, 5-drawer, no mirror, \$55  
Four Post Bed with Panel Foot, \$47.50  
Four Post Bed with open foot, \$45  
Full size Vanity Dresser, \$100  
Dressing Table, \$50

## Air Pressure and Suction Wash Clothes Safely

Hot, soapy water passes back and forth through the meshes of garments, fine or heavy, and removes every bit of dirt and foreign substance from clothes. That's the way the "Easy" electric washer works—the three big vacuum cups in the copper tub get clothes perfectly clean by air pressure and suction.

A Small Payment Down.

An "Easy" washer will be delivered to your home after a small payment down, and you may pay the rest in small monthly payments, weekly or monthly. It is yours to use while you are paying for it.

(Hamburger's—Fourth Floor)

## "Seeger" is the Last Word In Food Preservation

The refrigerator beautiful—perfect to the last little detail, almost a work of art, a refrigerator in which the housewife takes pardonable pride. The "Seeger" All-Porcelain Refrigerator might be described as a steel tank with a snow-white covering inside and out. Sturdily paneled, with hardware of solid brass, nickel plated. Priced from \$232 to \$664.75.

"Seeger" Porcelain Lined Refrigerators are \$75

These refrigerators have the Seeger Original Syphon System of circulation—this system is so perfect that fruits and vegetables may be kept in the same compartment with milk or cream without contamination of either. Oak with white porcelain lining. Other "Seegers" are \$95 to \$325.

(Hamburger's—Fourth Floor)

## "Perfect Housekeeper" of Today is the "Hoover"

Time was when the "perfect housekeeper" sacrificed her life and a good share of the happiness of her family to keeping her house spotless from one end to the other. Footprints on the kitchen floor, ashes on the carpets, dust on the whatnot—and the poor woman busy day and night! Now the "Hoover" cleans all her rugs in a few minutes, draws out every bit of dirt, keeps rugs clean, because with the "Hoover" there's no excuse for letting them get dirty! Dusting, too, is less often necessary—because the "Hoover" stirs up no dust to settle on the furniture.

Hamburger's will demonstrate the "Hoover" with the ten new improvements in your own home—and with no obligation at all on your part. It will give you hours of time for other things than endless sweeping heavy rugs with a broom!

(Hamburger's—Fourth Floor)

## Lamps Do Not Live For Light Alone

Not so long ago, one lamp in a room was enough—and most often it made no pretension to beauty. A lamp was to give light, and if you could "see by it," you called the lamp good! It's a development of very recent years, this use of many and varied lamps all over the house. Nowadays, lamps are the crowning glory of the home, and in their many forms link light with color and grace of form.

Daylight All Evening with a Miller Portable Reading Lamp! Every member of the family needs a good lamp for sewing, reading, writing. These are in brass, gunmetal or Pompeian finish, with adjustable arm, cord and socket. \$9.95.

New Wrought Iron Bridge Standards \$15

—are painted gray-green with decorations of silver, blue with gold, lacquer with gold, black with gold. Colored tear-drop ornaments. These standards are very delicately shaped and attractive.

Bridge Lamps in Polychrome and Gold Leaf, \$19.95

Good looking lamps, with wide assortment of silky shades in many colors, trimmed with gold braids, silk skirts and fringe. Adjustable arm brackets. \$19.95 complete.

(Hamburger's—Third Floor)

## Star-Rite Waffle Irons Make Delicious Waffles—Special, \$7.95

The most delicious of breakfasts cooked right at table—in a jiffy, with no fuss, no grease, no odor!—if you have a Star-Rite Waffle iron. Its grids are pure aluminum, a patented handle makes turning simple, the tray is attached. Each iron is equipped with start and stop switch and ample cord. Approved by the Good Housekeeping Institute. Special \$7.95.

(Hamburger's—Electrical Department—Fourth Floor)

## Family Washings Done In Six Minutes!

No landress can boast any such record as that. The "Maytag" could say it without boasting—for these wonderful washing machines average 5 to 8 minutes in "turning out" a week's wash spotless, snowy, sweet, clean. The gyrator in the bottom of the tub, by its swinging motion, cleanses the clothes as boiling does—for it is the motion of boiling water that does the work, rather than the heat.

Free Demonstration

We could describe the "Maytag" in more detail—telling of its accomplishment, appearance, compactness, etc.—but there is a better way for you to learn its virtues—have a Free demonstration in your own home, put your own clothes into it—see how it washes your heaviest, dirtiest blankets, see how gentle it is with your finest laces. Then spare yourself the drudgery of washday in the future, by taking advantage of Hamburger's Easy Payment Plan.

(Hamburger's—Electrical Department—Fourth Floor)

## The Pre-Heat Oven Cuts the Gas Bill

A popularity that increases year by year is the story of Acorn Gas Ranges. Their manufacturers, keeping always in mind the needs of the kitchen, make constant improvements in the new models. One of the most practical of the new features is the pre-heat oven which heats instantly to the temperature necessary for baking—it's easy to see what that means in saving of gas and time. Another, the heat regulator which maintains continuous even temperature can be had in practically all models.

"Acorns" in Many Styles

There is an Acorn range for every type of home or kitchen. From small kitchenette cookers, broilers and toasters, to the range with six burners and two ovens, designed for the large home.

(Hamburger's—Fourth Floor)

## Marion Electric Table Stoves Boil, Fry, Broil and Toast—and cost just \$11.95

A little table stove that can cook a whole meal. Not only does it perform all the actions mentioned above—it can do two of them at once. If you're "apartment bound," think what a convenience one of these table stoves means—and how fun to use it for little suppers for two or three or for a hurried breakfast. The Marion Table Stove requires no special attachment—simply plug it with any light socket. The three-heat settings provides for regulation of the heat. They are going very fast at their special price of \$11.95.

(Hamburger's—Electrical Department—Fourth Floor)

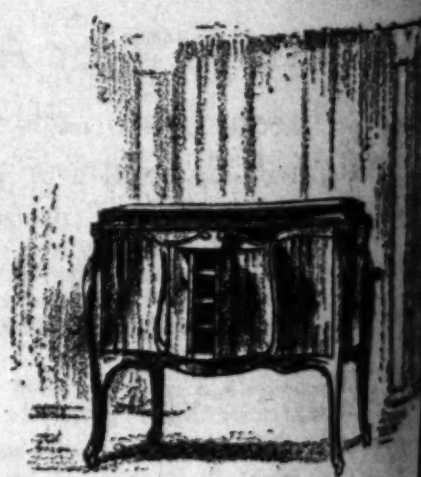

## Wagner Aluminum Lasts a Lifetime

Even if the lifetime exceeded the traditional "three-score-and-ten" limit, Wagner Cast Aluminum would still be hanging on at the end of time—Wagner Aluminum is of solid metal, moulded from liquid metal—not stamped. The are no seams to come apart, no rivets to come out or catch the dirt, and both burning and bending are impossible.

Complete line of Wagner Aluminum

Rice boilers, skillets, double roasters, lipped steamers, preserving kettles, covered baking dishes, coffee percolators, waffle irons, griddles, and three other tea kettles.

(Hamburger's—Fourth Floor)

## "His Master's Voice" No Longer Speaks Through a Megaphone

Once, music was all that was expected from a gramophone. One tolerated the ugliness of the little square wooden box with the big, unwieldy "horn" for the sake of listening to a "phonograph." Development of the years has brought improvement a hundred fold—in tone quality. The Victrola, as a piece of furniture alone, has shown improvement quite as extraordinary as that of merely tolerating the Victrola's appearance. People now select from many beautiful models, in finish, wood and style to harmonize with and give distinction to other furniture of their rooms. We have in our Music Salons all the Victor models and are glad to demonstrate any of them to those who are interested. You will find Victor Victrolas have made the achievement—not alone in tone reproduction, but in attainment of physical perfection.

(Hamburger's—Music Salons—Fifth Floor)

## Echoes Napo

ACE—hand-maiden of the French centuries ago. Arrived with the modernizing of old, beloved ideas. There is Alen for instance. No more becoming for the Fichu. dantier could edge round neck, the sleeves or the hem. It is \$2.00 for the 2 1/2-inch width, \$3.75 for the 8-inch width. First Floor.

EARLS—jewels of the years! Particularly suitable for the Empire type of neck! La Tausco's, the beautiful of man-made pearls! Even jeweled caskets in which they come (those \$25 up) remind of glittering courts, a day of gorgeous evening. These jewels are copies and imitations of those made by that master jeweler, Benvenuto Cellini. As rich as the pearls they hold. La Tausco's priced \$9.00 up. First Floor.

JOSEPH—net! trimmed "poke" to have ste cherished ago. "To" can be ally any linary Sal

As date black with buck though od other way individual slipper strap, and heel. Price buckle \$16.00! H make choo esting. \$2 Hamburger

# Echoes of Napoleonic Days

—just whispers from seventeenth and eighteenth century France—but fashion's been caught them, and thrilled with the romance of old, suddenly seeking for something new, she favorably fashioned the inspiration frock that came to her. These three she approves.

JOSEPH creates a "bonnet" An adorable lace trimmed and draped "poke" that might almost have stepped from some cherished painting of long ago. "Toasts" tinted lace—can be worn with practically any color. \$25. Milinery Salons, Third Floor.

AS dainty as Cinderella's own—these slim black satin pumps! Worn with buckles of course, though one chooses her own, thereby gaining another way of expressing individuality. The satin slipper has one narrow strap, and the real French heel. Priced \$11.00. The buckle sketched is priced \$18.00! Hosts of others make choosing most interesting. \$2.00 to \$15.00. Hamburger's—First Floor.

HOW did Miss Modest receive this return to the high waist line, the fitted basque-like blouse with its frills of lace? Well... to be candid, she rather gasped at first! Then she slipped into the delicate blue-and-rose frock, (left) and gasped again. This time with delight, as she glimpsed its becomingness, its departure from the straight and narrow. Priced \$59.75.

THE frock with the fichu (center). Its softness a pleasant foil for the season's severer moods!

GUILTLESS of waist-line—the frock at the right! Its lines, also softened, with lace. Satin crepe. \$49.75.

## URGES UNITY IN FOREIGN WORK

President Issues Order for Agencies

Representatives Abroad to Join Efforts

Provides for Conference on Activities

(BY A. P. NIGHT WIRE)  
WASHINGTON, April 8.—An executive order has been issued by President Coolidge providing for establishment in the nation's foreign service of a means for a coordination of effort in advancing American economic and commercial interests and eliminating duplication.

The order affects all departments of the government having agents in foreign countries and provides that such agents shall meet in conference at least once every two weeks to exchange information bearing upon the promotion and protection of American interests.

The White House, in making public the text of the order, issued a statement in which it said: "It may be appropriately stated that the regulation of interdepartmental relations in the foreign field as heretofore ordered is in harmony with the efforts now proceeding through the Bureau of the Budget and the Joint Congressional Committee on reorganization to reach a balance in administrative relations which will conserve the public funds."

"It is confidently expected that in effect this regulation will give purposeful unity to the activities of this government in foreign countries and in so doing will give additional impetus to the endeavor being made to practice intelligent economy in public expenditures through co-ordination of the work of the several executive departments."

## HOME FIRES UNDER SIFT

(BY A. P. NIGHT WIRE)  
SANTA ROSA, April 8.—The police are investigating a fire which threatened destruction of the home of O. J. Kettendorf here in the last two days, on the theory that the fire was of incendiary origin. One of the fires, last night, did considerable damage.

## ADVENTIST PASTOR DIES

(BY A. P. NIGHT WIRE)  
NAPA, April 8.—Rev. John N. Loughborough, 53 years of age, credited with being one of the founders of the Seventh Day Adventist faith and a missionary in many parts of the world, died at St. Helena, Cal., today.

## BARBERS BUSY BOBBING HAIR

Brooklyn Shops Turning Out Total of 2000 John Dailies

(BY A. P. NIGHT WIRE)  
NEW YORK, April 8.—Barbers' shears snickered through the tresses of Brooklyn misses at the rate of 2000 a day, it is estimated. In one department store alone, eighteen barbers are working morning and night to accommodate the rush to bob before Easter.

## SANTA MONICA CORNER BRINGS LARGE PRICE

(By a "Times" Staff Correspondent)  
SANTA MONICA, April 8.—An announcement has been made of the sale of the southeast corner of Santa Monica Boulevard and Ocean Avenue by Robert F. Jones to a syndicate headed by Leland M. Ford, local real estate dealer. The property, which is 100 feet on Ocean Avenue and 150 feet on Santa Monica Boulevard, is one of the most valuable pieces of land in the city and has brought a price of more than \$150,000. At the present time the Standard Oil Company holds a lease on the property which expires in September. What the new syndicate will do with the property after that time has not been made public. Both San Francisco and New York capitals are interested in the land, it was announced this morning.

## TEXAS PASTOR CALLED TO REDLANDS CHURCH

(EXCLUSIVE DISPATCH)  
REDLANDS, April 8.—Rev. Harvey S. Lawrence, D.D., of El Paso, Tex., has been called to the pastorate of the Lutheran Church in this city to succeed Rev. C. F. W. Steever, who was killed some weeks ago in an accident at Puenta.

Dr. Lawrence is considered one of the leading ministers of the denomination, and one of the leaders of church work in the South. It is understood that he will accept the call and that he will come to Redlands within a month.

Miss Ruth Steever, who suffered a broken leg and other injuries in the accident in which her father and little sister were killed, is recovering slowly. Mrs. Steever, who was injured only slightly, has recovered.

## EVOLUTION IS HOBBY AT AGE OF 102

Chicago Centenarian Gives Several Recipes for Longevity

(EXCLUSIVE DISPATCH)  
CHICAGO, April 8.—James Kirkley, who will be 102 years old April 21, was found today by visitors, eagerly devouring an article on "The Modern View of Evolution." He says he enjoys reading heavy stuff, in fact he enjoys all kinds of literature in which there is a thought. He says:

"Never worry about your neighbor's affairs and worry as little as possible about your own."

"Avoid bad habits, intoxicants and tobacco."

"Work and play regularly."

"Make your home-life happy."

"Do not worry about diets. Eat whatever you want. Nature will warn you of that which is not good for you."

"Rise early and go to bed early."

"Keep your mind and body clean."

"Smile—smile all the time."

Mr. Kirkley was born in Ripon, England, and came to the United States in 1852. His wife died twenty-four years ago. Four of his six children are living and he has three grandchildren and two great grandchildren.

## TRIO AGAIN HELD IN WEIRD LOVE CIRCLE

(BY A. P. NIGHT WIRE)  
LODI, April 8.—Mr. and Mrs. Bert Bartella and their adopted daughter, Miss Angeline Raosta, principals in a "love triangle" here in which Miss Raosta is asserted to have borne children by Martella with the consent of Mrs. Martella, were arrested today on a second warrant charging them with contributing to the delinquency of the children in question. They were lodged to jail in default of \$2500 bail each. The trio were released on their own recognizance on the first warrant, which was issued a week ago.

## ARMY AVIATOR DIES IN FALL AT DAYTON

(BY A. P. NIGHT WIRE)  
DAYTON, O., April 8.—Lieut. Theodore Van Vleet, stationed at McCook Field, was instantly killed this afternoon when his machine crashed from a height of about 2000 feet. Persons who saw the accident say that the machine went into a nose dive and fell to the ground. His home is in New York State.

## FATHER AND SON UNITED BY RADIO

Hadn't Seen Each Other for Thirty-five Years

Message Sent Out as Parent Lay Seriously Ill

Spanked Boy Runs Away; Now He's Minister

(EXCLUSIVE DISPATCH)  
DETROIT, April 8.—A man 44 years of age walked into a bedroom in Windsor and took the hand of a man of 79, who lay close to death. The one was the son of the other, and they had not met nor heard from each other for thirty-five years. Radio accomplished the reunion.

George Lieret, the elder man, had five daughters and one son. His wife dying when the children were young, he ruled the household with a stern hand. One day he spanked the boy, William, and a few hours later William disappeared. They lived then at Marine City.

After many vicissitudes, the runaway boy was adopted by a man and woman named Murray, who lived at Roseville, Mich., in a few years the wildness of the youth was gone. He joined the Salvation Army and later entered a theological seminary and became a Methodist minister. Now he is the pastor of the Methodist Church at Rose City, Mich., and has two sons and a daughter of his own, the boys being 10 and 8 years of age, and the girl 18. They and the pastor are known, of course, by the name of Murray.

From the time his boy left home Lieret did not mention his name until a few weeks ago. Then he suffered a paralytic stroke and was removed from his home to that of his daughter, Mrs. W. H. Glasser, Windsor. Believing himself in his last illness, he expressed a wish to see "little Billy," and daily, hourly, even, he reiterated the desire.

The five daughters knew their brother was now known as Murray—that was all. They decided to appeal to the Detroit broadcasting stations, and the other evening the ether waves carried the aged father's appeal. A Rose City resident heard it, noticed the coincidence of names and mentioned it to the pastor. He hurried to Windsor.

Lieret smiles now as his eyes rest on the man who ate beside him. His physician says his condition is greatly improved.

# Thousands Will Inspect Great New Edifice Today

## EXCEPTION TODAY OPENS GAYLORD APARTMENTS

Magnificent New Wilshire District Structure is Last Word in Modern Construction

The Gaylord, the newest apartment-house in Los Angeles and one of the largest and most pretentious in the country, will today open its doors with a formal reception. Two thousand guests, including many notables, have been invited. Tours of inspection will be made from 3:30 p.m. until 10:30 to be followed by a dancing party. The program will be repeated on Thursday.

Situated in the heart of the fashionable Wilshire district, the Gaylord has a frontage of 145 feet on Wilshire Boulevard and 150 feet on Kenmore avenue. It is a magnificent structure of thirteen stories and basement, constructed of reinforced concrete and designed with walls of hollow terra cotta and gypsum block. The exterior filler walls are of twelve-inch brick, all four sides of the building being finished in tapestry brick with the street frontage richly ornamented in architectural terra cotta.

**LUXURIOUS LOBBY**  
The ground floor contains an entrance lobby, reception room and fountain room luxuriously finished and furnished.

Directly under the lobby in the basement is situated a complete commissary department and storeroom, barber shop, beauty parlors and billiard-room and serviceable quarters.

The typical floors of the building are laid out in thirty-three room units, divided into two, three and four-room suites. One of the special features is the location of the baths which front on the streets and are reached through the dressing room. The rooms are sumptuously furnished. They are finished in holly mahogany with the exception of the kitchen, dining alcove and baths where enamel has been used.

The corridors are largely wainscoted with decorated molds and panels of hand-painted paper, while the corridor floors and the stairs are of marble.

The garbage disposal is arranged through cast-iron garbage chutes which are automatically flushed at the top, and various interned into points by steam pressure and sealing water. The entrance to the garbage chute is through a nickel-plated trap door set in a tile drain board. The garbage is collected in the basement in receptacles and is burned in an incinerator on the premises.

**COMPLETE EQUIPMENT**  
The mechanical equipment of the building was designed by the architect, and in addition to the vacuum steam plant has a complete equipment of water softener, refrigeration and electrical transforming apparatus.

The elevator equipment consists of three 600-foot per minute Llewellyn variable voltage machines.

A special feature is the unique design and construction of the lighting fixtures of the public rooms, which were designed by Oscar B. Bach of New York. The decorating work and wall draperies have been wonderfully laid out under the personal direction of O. William Nordstrom of Chicago and the whole represents the painstaking effort and care as well as have of the beautiful on the part of the owners.

The property on which the Gaylord stands was acquired in October of 1923 by Messrs. J. B. Lilly and Paul Fletcher, owners of the building, from Joseph Messmer through the agency of Ford & Becker.

**OWN YOUR OWN PLAN**  
Ground was broken a short time later and the structure was completed in thirteen months. The architectural firm of Walker & Eisen handled the plans and the general contract was let to Lange & Bergstrom. The Wilshire Works erected the structural steel work and installed the elevators. The Gaylord is an "own your own" apartment building. Many of the suites already have been sold and in some cases have been occupied by their purchasers for several days. G. W. Cowan, for some years identified with apartment sales organizations, is in charge of sales for the Gaylord.

The "own your own" idea is comparatively new in Los Angeles and other western cities, but has successfully been carried out in many large eastern cities for years. Messrs. Lilly and Fletcher have been in business in Los Angeles since 1911, and during that time have been identified with the construction of nearly 500 buildings here. Among these are the Lilly-Fletcher Building at Third street and Western avenue, one of the first buildings of importance in that district, a large number of residential flats near Santa Monica Boulevard and Western avenue and many of the automobile row buildings on Figueroa street.

### ACTOR INCORPORATES

Conway Tearle is First Thus to Form Personal Company

To Conway Tearle goes the distinction of being the first screen star to incorporate himself with the formation of a personal corporation. Future business transactions of Mr. Tearle will be carried on under the corporation name of Conway Tearle, Inc. With himself as president, the star drawing a weekly salary from the company. "Actors, with few exceptions, are not good business men and I am not one of the exceptions," said Mr. Tearle. "When you try to do creative work in the motion picture or theatrical professions there's no time for much thought of business or investments."

### EASTER BAZAAR PLANNED

The Florence Crittenton Home Club will conduct its annual Easter Bazaar, dinner and sale at the home Wednesday, the 15th inst. Dinner will be served at 12:30 p.m. Articles made in the home, dolls, candy and cooked food will be on sale. Proceeds will go toward the support of the home.

**MANY SERVICE FEATURES**  
Service facilities of the new Gaylord Apartments will be on a par with those of any modern high-class hotel, according to the owners. Included in the building will be a beauty shop, valet service for men, a large commissary which will carry a complete stock of groceries, drugs and other necessities, and a special restaurant service for owners of apartments. Maid service will be furnished for every apartment and a special refrigerating system of the most modern type has been installed.

### RAIL MEN BOOST AT LUNCHEON

Addresses Made Before Industrial Division of Realty Board

"Three of the greatest railroad systems in the world are pouring millions of dollars into Los Angeles and Southern California to develop facilities to handle the industrial expansion of this section of the Pacific Southwest," said Will E. Rauch of the Union Pacific Railroad in a talk before the industrial property division of the Los Angeles Realty Board at the Elsie Cafe yesterday noon.

The Realty Board should be, and doubtless is, an interested in the industrial progress as in the building of homes," continued the speaker. The Chamber of Commerce and other organizations like yours are doing a great work. And the metropolitan newspapers of this community, which are the finest in the world, should be fully appreciated for the support that they are giving industrial Los Angeles."

F. L. Harmon, chairman of the industrial property committee of the board, was introduced by President W. L. Erent to preside over the luncheon. The first speaker was Tom Conway of the Santa Fe, who told of the problem of materials close to Los Angeles, while George R. Squires of the Pacific Electric, who followed him, stated that his road had 101 miles of trackage lying in Southern California, and he designated the district between the city proper and the harbor district as possessing the greatest freight activity.

Charles H. Spurr of the Southern Pacific said that the "day of the long heavy haul had passed," but that "goods should be manufactured here and taken back into the interior."

Mr. Harmon at the close of the talk described the development of the Greater Los Angeles Association's campaign. He also stated, as a chairman of that series of trips, would soon be announced whereby the real estate men of the city would be taken over the various transportation lines in the industrial district.

Phil Norton, member of the salesmen division of the Los Angeles Realty Board, spoke briefly at the close of the program on the hoof-and-mouth disease.

### BOY TAKES POISON IN EFFORT TO END LIFE

DISAPPOINTMENT OVER WORK IN SCHOOLS LEADS AS CAUSE OF ACT

Disappointed at his progress in his studies and in his work at a local department store, Howard Tryon, 17 years of age, of 836 East Fifty-first street, swallowed bichloride of mercury yesterday, according to a police report. He was treated at the Receiving Hospital and is expected to recover. Tryon is captain in the Reserve Officers' Training Corps at Jefferson High School. After leaving his work yesterday Tryon met Miss Isabel Ward of Huntington Park at Fifth street and Broadway and walked a short distance with her. She thought he looked ill and got him into a drug store, where he collapsed. He told Detective Lieutenant Wilson, the latter says, that he got bichloride of mercury from his school principal and the department-store manager and decided to end it all.

The Gaylord, Interior and Exterior Views

Messrs. Lilly and Fletcher financed and built the great apartment-house, which takes rank as one of the finest on the Pacific Coast.

### Equipment for Service is of Latest Design

The basement of the new Gaylord Apartments building is given over entirely to the service quarters, and in this portion of the structure is located all of the mechanical equipment. This equipment includes a refrigerating plant of the latest design, furnishing refrigeration to all of the apartments, a steam heating plant, a water-softening plant, a vacuum cleaning plant, the laundry, kitchen, transformer rooms and boiler rooms.

The kitchen is a model of its kind, having been fully equipped to handle special dinners and banquets. Special arrangements have been made for the disposal of garbage, with chutes, which can be cleaned and sterilized, running from each apartment to the basement.

### SMALLPOX CASE NO CHECK ON JAIL VISITS

FRIENDS OF PRISONERS STILL SWARM INSTITUTION; MAN IN HOSPITAL

In spite of the fact that a case of smallpox recently developed after a prisoner had been removed from the County Jail, visitors yesterday continued to swarm the institution to see prisoners. The smallpox, it was pointed out by the health department, did not break out in the jail and there is no imminent danger to other prisoners. Mario L. Escobar, held on a Federal charge of counterfeiting, was sent to the General Hospital on the 3rd inst. After he was there some time, he developed a case of smallpox, it was stated. Earl Sterle, former cellmate of Escobar, yesterday was transferred to the hospital and tanks number three and six were quarantined temporarily as a precautionary measure.

### Gaylord Owners Credited With Many Buildings

The owners of the new Gaylord Apartments, John B. Lilly and Paul B. Fletcher, became associated in Los Angeles in a business way in 1911 and since that time they have been the moving figures in construction of nearly 500 buildings here.

Many business and residence structures are included in the number, although none are as pretentious as the magnificent apartment building just completed.

The Lilly-Fletcher Building at Western avenue and Third street, built by these two men, was one of the first important structures to be erected in that district and many of the automobile dealers on Figueroa street are housed in Lilly-Fletcher buildings. A large number of residence and flat buildings in different sections of the city also were built by the two men.

### PICO BOULEVARD BUS OPERATION IS HALTED

OPENING OF LINE BLOCKED BY RATE PROTEST OF RESIDENTS

As a result of a protest by the Pico Boulevard Improvement Association against rates announced by the Pacific Electric for the bus line between the end of the Pico street-car line and Santa Monica, Jalier Cronstrom, did not break out to start today, was halted yesterday by the Board of Public Utilities and the State Railroad Commission.

The matter of rates will be thoroughly gone into at a meeting of the commission next Tuesday. Meanwhile the commission has ordered the permit for the line withheld for ten days. The protest of the boulevard association was brought to the attention of the commission by the Board of Public Utilities.

### ALIMONY IS AWARDED

Temporary alimony in the sum of \$150 a month was awarded to Hazel Kirk P. MacKenzie yesterday by Judge Shaw of the Superior Court. Mrs. MacKenzie recently filed suit for separate maintenance against her husband, Marvin L. MacKenzie.

**CONTRACTORS RUSH BUILDING**  
Apartment Built in Thirteen Months  
operation is Given Credit for Rapid Progress  
Quantities of Material Used in Structure  
The general contracts for the erection of the Gaylord Apartments, shortly after completion of architectural plans, were let to Lange & Bergstrom, a contracting firm, which has a number of the larger firms of the city. About thirty months were required for the construction of the building, which included the structural steel and masonry work. The construction of the building was held by the city from the start. The quantities of materials used in the construction of the building, according to figures given by the general contractor, are as follows: 12,000 cubic feet of concrete; 550 tons of steel; 225,000 feet of built-up steel; 1,000,000 feet of form lumber; 500,000 common brick; 500,000 red brick; 75,000 enamel brick; 10,000 square feet of gypsum; 10,000 square feet of metal lath; 100,000 feet of channel iron; 100,000 feet of plate; 250 doors; 250 windows; 250 glass and mirrors; about 100 miles of mahogany; 100 tons of structural steel; 100 square feet of terra cotta. The work was held by the city from the start. The quantities of materials used in the construction of the building, according to figures given by the general contractor, are as follows: 12,000 cubic feet of concrete; 550 tons of steel; 225,000 feet of built-up steel; 1,000,000 feet of form lumber; 500,000 common brick; 500,000 red brick; 75,000 enamel brick; 10,000 square feet of gypsum; 10,000 square feet of metal lath; 100,000 feet of channel iron; 100,000 feet of plate; 250 doors; 250 windows; 250 glass and mirrors; about 100 miles of mahogany; 100 tons of structural steel; 100 square feet of terra cotta. The work was held by the city from the start. The quantities of materials used in the construction of the building, according to figures given by the general contractor, are as follows: 12,000 cubic feet of concrete; 550 tons of steel; 225,000 feet of built-up steel; 1,000,000 feet of form lumber; 500,000 common brick; 500,000 red brick; 75,000 enamel brick; 10,000 square feet of gypsum; 10,000 square feet of metal lath; 100,000 feet of channel iron; 100,000 feet of plate; 250 doors; 250 windows; 250 glass and mirrors; about 100 miles of mahogany; 100 tons of structural steel; 100 square feet of terra cotta. ## and into the dignified homes of the

## big downtown banks when W. R.

## Stearns, president of the Stude-

## baker Corporation, arrived from

## California bubbling with enthu-

## siasm at what he has seen on the

## Pacific Coast. Talking to the

## Wall Street Journal, the automo-

## bile executive delivered this pro-

nouncement:

"Southern California is a world

in itself, leading in climate,

tourism, movies, fashions and oil,

a combination of health, wealth and

happiness unmatched anywhere in

the world. Los Angeles is bound-

ing into its second million of

population. If any eastern busi-

ness man is in need of optimism

let him take the train for Los An-

geles."

Mr. Stearns prefaced his re-

marks with the statement that he

went to California primarily to

express his appreciation to the

residents of the State for their

appreciation of the Studebaker car.

"Ten per cent of our sales last

year," he said, "were in Califor-

nia, but their appreciation of the

Studebaker car was such that their

purchase represented not only 10

per cent of our output, but 12 1/2

per cent of our sales value.

"The roads of California are a

temptation to high-powered cars

of luxury and quality. It is on

these roads that the record of 475,000

miles, and another Studebaker car

holds the record, even over the

railroad express, for the fastest

passage between Los Angeles and

San Francisco.

"California itself holds many re-

ords. It has more than one car

per family or a car for every three

and a half of its inhabitants."

DEBTS LEFT BEHIND

In the race between the value

of farm lands in the United States

and the mortgage debts, the value

far outdistances the debts in

the thirty-year period from 1919

to 1929. The Farm Mortgage

Bankers' Association of America

has discovered through its re-

search experts that in the first

twenty years, that part of the farm

debt reported by the Federal

farm census enumerators increased

from \$1,085,995,360, in 1919 rep-

resenting 35.5 per cent of the mort-

gageed farms, to \$1,515,173,125

in 1929 which formed 27.3 per cent

of the farm values.

In the next ten years the debt

more than doubled, the census re-

porting \$4,003,767,192, but the in-

crease in land values was so great

that this large amount represented

only 29.1 per cent of the value of

the farms mortgaged in 1929. The

association states that the Federal

census in 1929 reported informa-

tion obtained from resident far-

mers that mortgage indebtedness

was 15.6 per cent of the total num-

ber of farms. Based on this and

other estimates, the conclusion is

reached by the Farm Mortgage

Bankers' Association that the farm

indebtedness of the United States

on January 1, 1924, was \$10,990,

000,000.

The total number of farms on

January 1, 1924, was 4,443,315, hav-

ing a total value for land and

building of \$48,384,309,854.

The distribution of the farm

mortgage indebtedness on January

1, 1924, according to the associa-

tion, shows that its loans carries

first mortgages amounting to

\$2,450,000,000; farm loan com-

plices not members of the Farm

Mortgage Bankers' Association, es-

timated, \$1,600,000,000; fifty-two

leading life insurance companies,

\$1,572,000,000; fraternal life insur-

ance companies, \$1,460,000,000;

savings banks and others, \$2,854,854,

819, and Federal Land Banks,

\$799,596,434.

VETERANS' BONDS

In competition with syndicates

representing even important fi-

nancial institutions in New York

City, \$45,000,000 state of New

## TRAVEL RULES ARE OUTLINED

Quarantine Situation Told by Automobile Club

Many Local Roads Closed at County Boundary Line

Transportation of Pets is Forbidden Generally

The Automobile Club of Southern California yesterday issued the following special bulletin on foot-and-mouth disease quarantine regulations affecting motor travel and roads:

Motorists may travel from one county into another on main highways but are subjected to disinfectant proceedings at all county lines. Dogs and other pets cannot be transported by motorists across lines. All of the canyon roads in Los Angeles county (and in many others) and the city parks here have been ordered closed.

The State of Arizona allows travel to enter its territory from California only by two roads, Yuma route and the Needles-Tropic Road. Motorists going into Arizona must pass rigid inspection and their cars as well as the occupants and contents are disinfected. No dogs or pets of any kind allowed to cross the State line into Arizona.

NEVADA: Motor travel into the State of Nevada to date has not been interrupted on any highway leading from California. Rigid quarantine regulations, however, are being enforced and provisions are now being planned for the inspection and disinfection of automobiles entering that State. All main highways in the State of Nevada are open—only those of minor importance in the cattle and dairy districts being closed.

SOME ROADS OPEN  
LOS ANGELES COUNTY: The Board of Supervisors of this county has adopted an order directing that all roads except those designated below be closed at the county line:

Football Boulevard, San Bernardino Road, Colton Avenue, Valley Boulevard, Chino Road, Brea Canyon Road, Whittier Boulevard, La Mirada Road, Anaheim Road, Orange County Line Road, Artesia Anaheim Road, Los Alamitos, Anaheim Road, Santa Susana Pass, Santa Clara Road, Via Santa Ana, Fillmore, Little Rock-Victoria Road (to Ventura), Redman-Murphy Road and Seal Beach Road.

Mint Canyon and Ridge Route: Motorists are not allowed to use Mint Canyon or the Ridge Route for pleasure trips. These roads are open only for through travel and which they pass. Motorists using either road are requested to make non-stop trips from the county line into Riverside.

At the points where the above roads cross the county line guards have been stationed and motorists are required to stop for inspection and to run their cars through disinfectant solution.

Motorists are not allowed to stop to picnic, camp or pick flowers alongside of any highway in the county.

No restrictions placed on motorists to visit the beaches in this county.

HIGHWAYS CLOSED  
Orange county: The following roads have been closed by the Orange county authorities:

Dirt road directly west of Los Alamitos.  
Dirt road directly west out of Electric Santa Ana line.  
Dirt road directly east out of Bingham Station on the Pacific Electric Santa Ana line.

Dirt road, one-half mile north of Buena Park Boulevard intersection, running west to the county line.

Dirt road from county line east to Boulevard which runs through La Habra.

Dirt road into county (from Los Angeles county) one-fifth mile north of Whittier Boulevard and county line of Orange county.

All of these roads have been designated by club signs where they enter the county of Orange from Los Angeles county.

Ventura county: The main roads leading from Los Angeles into Ventura county are passable for motorists, but at the county line they are required to stop for rigid inspection and car disinfection.

Smoke-Stained Teeth Bleached White

New Safe Method

See Good-bye to ugly tobacco stains on teeth! Bleached with Chamberlain's Safe Method—no harm, no pain, no expense.

TICKLING THROAT  
Always an annoyance, worse when it affects you at night. You can stop it quickly with CHAMBERLAIN'S COUGH REMEDY. Every user is a friend.

## NEW OUTBREAK AMONG CATTLE

(Continued from First Page)

Houses and probably the Union Stock Yards all will open simultaneously some time early next week.

The annual Ramona Pageant which was to be held at Hemet on the 10th, 11th and 12th inst., has been postponed indefinitely on account of the disease quarantine in Southern California, because it is believed that large gatherings, even in places that are removed from infected districts, are not desirable at this time.

FILM ON DISEASE  
A moving picture educational film has been completed showing all phases of the foot-and-mouth disease and sixty prints were sent out yesterday to be featured in all of the small cities from Paso Robles and Bishop to the Mexican border. This picture is a particular appeal to farmers to watch for and report suspicious cases among live stock, and to illustrate the protective measures which they should take. The sales managers of eleven leading milling companies are acting as captains, each one having four salesmen under his direction, who will arrange for the presentation of the picture and deliver an educational lecture on the disease. The expense of the distribution is being borne by the milling companies.

SAN FRANCISCO, April 8.—Consumption of meat in California has dropped 25 per cent in three weeks, according to a statement issued today by W. E. Schneider, of the United States Department of Agriculture. He appealed to the public to co-operate with the producers by eating meat, which he said is inspected and free from disease. The retail market is some better, but none of the packers has reduced prices.

SACRAMENTO, April 8.—At Fruit grovers of Placer and El Dorado counties conferred today with State Director of Agriculture, Hecke, regarding a second quarantine line north of the present line below Sacramento county, for protection against the foot-and-mouth disease. Hecke opposes the second line, declaring it would lead to complications. He urged all to co-operate to enforce the present line.

MERCED, April 8.—A fresh outbreak of the foot-and-mouth disease was reported today at the F. E. Ferrell ranch. It is in a dairy herd and hogs, approximately 100 animals being affected. Killing of exposed animals is proceeding on a large scale.

SAN DIEGO, April 8.—So far no trace of the foot-and-mouth disease has been found in this county. The Board of Supervisors has ordered disinfectants placed on the leading highways through which wagons and automobiles must pass to enter the county. Dep. Dist. Atty. L. W. Brown has been directed to enforce the quarantine regulations.

PARADISE, April 8.—California shippers of choice lambs to the East have adopted express refrigerator service since the foot-and-mouth disease broke out, said F. E. M. Cowie, president of the American Express Company, here on a trip. The embargo prevents raising of lambs from shipping to the East, so they have adopted a policy of slaughtering the lambs here and shipping the meat. California supplies the choicest spring lambs for the Eastern trade, according to Mr. Cowie.

POMONA, April 8.—No movement of live stock is permitted here. Rabbits and chickens bound for immediate slaughter may be removed under regulations. All dairies are being inspected at regular intervals.

VAN NUYS, April 8.—A herd of 1100 hogs was killed today by officers enforcing the foot-and-mouth disease regulations. This made up the last of the infected herd at the Goodwyn Ranch at Pacemore.

VISALIA, April 8.—Tulare county remains free of the foot and mouth disease. Several suspected cases reported to the Field Land and Development Company ranch near Ducor are being watched closely.

DENVER, April 8.—Seventy-six calves have been isolated at the Union Stockyards as suspected sufferers from the foot-and-mouth disease. Dr. W. E. Cotton, field investigator for the Bureau of Animal Husbandry, arrived yesterday and will decide the nature of the ailment. Until this is determined the embargo on outgoing shipments will continue.

PHOENIX, April 8.—Automobile travel into Arizona from California will be stopped at 6 a.m. Friday, the 11th inst. Meanwhile cars entering will be fumigated thoroughly and suspected contents destroyed. This action was taken by the Governor at the request of a committee representing livestock men and agriculturists of the Salt River Valley. Rail traffic will be supervised closely.

A public library and a local branch telegraph station for West Washington street were among the things advocated at the meeting of the West Washington Business Men's Association, composed of merchants and business men located between Greenhaw Boulevard and Normandie Avenue, had marked success with a recent street fair and carnival and is boosting the subject under which George Gleason will discuss the California race program before the Kiwanis Club at the Biltmore today.

Gleason is executive secretary for Southern California of the survey of race relations now in progress which is headed by Chief Volstead of the Arlington State Bank and G. E. Bowerman, assistant cashier.

About 175 were present. Entertainment was furnished by an orchestra and several entertainers.

PATROLMAN REMOVED  
There was a jug of wine in the room where Patrolman Fred Hermann was found one day when he should have been on his beat. He was removed from duty, according to a report received yesterday by the Board of Police Commissioners.

Chief Volstead, head of the removal of Patrolman Hermann from the department for neglect of duty.

## Los Angeles Daily Times

## Livable homes are wired by "Check" Seal contractors

YOU can see what the "Check" Seal means the minute you enter a home which has been wired by a "Check" Seal contractor. The wiring devices are modern and of standard manufacture. Fixtures are attractive and properly placed. The lamps are G. E. Edison Mazdas. And there are outlets for the convenient use of all the electrical appliances.

Such homes enjoy crisp toast and tempting coffee in the morning. They enjoy dustless rugs and clean clothes during the day. They have the comfort of warm bathrooms. And they have soft lights to read by in the evening.

Make your home livable! Specify a "Check" Seal installation and "Check" Seal appliances. You'll get good workmanship at a fair price. You'll get such standard equipment as G-E wiring devices and G-E Edison Mazda Lamps. And when you buy electrical appliances certified by the "Check" Seal, you are sure of long and satisfactory service.

Look for the "Check" Seal. Deal with "Check" Seal contractors and retailers. They stand for standard electrical equipment properly installed.

The "Check" Seal is the trade mark of the Pacific States Electric Company, the largest distributor of electrical merchandise on the Pacific Coast. This company does not sell direct to you but its merchandise can be bought through reliable electrical contractors and retailers. Every electrical product marked by the "Check" Seal has been inspected and certified by this company. Every electrical contractor and retailer who displays the "Check" Seal is committed to the "Check" Seal policy of standard materials, good workmanship and fair prices.

### VOCATIONAL BUREAU

WOMAN IS HONORED

MISS WINIFRED M. HAUSMAN MADE PRESIDENT OF NATIONAL BOARD

Miss Winifred M. Hausman, director of the vocational service bureau of Los Angeles and the Pasadena vocational bureau, has been elected president of the national committee of Bureaus of Occupations at the convention just held in Chicago where she went as a delegate to represent the local work along vocational lines. Miss Hausman has returned from the Chicago convention where she was a guest of honor at a dinner given by the Quadrangle Club of the University of Chicago and spoke at a dinner given by the College Club of Chicago in addition to several conferences along vocational lines.

While in the East Miss Hausman had conferences with famous educators and social workers, including Dr. Iva L. Peters of Goucher College; Dr. C. S. Yankin of Carnegie Institute of Technology; Dr. Arthur F. Payne, Columbia University; Mrs. Anna L. Burdick, Washington, D. C.; Dr. Henry H. S. Hayes of New York, and Dr. John M. Brewer of Harvard University.

## CIVIC BEAUTY IS PREACHED

Expert Tells City Planners That Esthetic Phase Is Real Consideration in Economic Way

Civic beauty as a material asset was stressed last night by Andrew Wright Crawford of Philadelphia in an address delivered to the sixteenth National Conference on City Planning, now in session here at the Ambassador.

"We are considering," he said, "not only the value of beauty, but the sheer cost of ugliness. In my own short lifetime, and I am only 50 years young, I have seen buildings that might last for centuries threatened with destruction because of their shameful ugliness. Within two months the Mayor of Philadelphia, with the approval of strong organizations and corporations, has urged that the City Hall of Philadelphia may be removed. God speed him! May God give equal courage to the mayors of other cities."

"But just suppose that the City Hall of Philadelphia had been as beautiful as the Hotel de Ville at Brussels, or as the Woolworth Building in New York. The proposal would have been made, and, if made, it would have been smothered before the idea had been given birth."

**CITIES EXAMPLES**  
Mr. Crawford estimated that Paris derives an annual income of between \$50,000,000 and \$100,000,000 from municipal attractions. The manager of the Canadian Railroad, he said, had told him that places of natural beauty in Canada brought the Dominion \$10,000,000 more annually than did its valuable fisheries. On the strength of these and kindred considerations, he argued for municipal art commissions which should be for the appearance of a building what the bureau of building inspection does for its strength.

"The City Planning Commission," he continued, "aims at a constructive help to the citizens by preparing plans for future growth. The art commission aims at constructive help by criticism of the plans already made of structures to be erected immediately."

Harland Bartholomew of St. Louis, one of the experts now studying traffic conditions in Los Angeles, gave out a piece of suggestive advance information as to the cost of over and underpass street crossings. Two surveys made in Chicago, he said, had shown the folly of embarking upon any inflexible general plan.

Streets cross-hatched by intersections, Mr. Bartholomew said, can carry only half as much traffic as straightaway thoroughfares. Therefore he and his associates had made estimates of what it would cost to cut out the traffic resistance of crossings in Los Angeles. The cheapest form of avoidance, they found, was a viaduct. Constructed as simply as

possible, the cost of an overpass viaduct had figured out at \$125,000 for each crossing; for an underpass viaduct, to \$200,000, given in both cases a street width of 125 feet and an approach of 4 per cent grade and 450 feet length.

### SUGGESTS AIDS

Talking on regional transportation, George A. Damon of Pasadena, suggested the following definite items of improvement for the Los Angeles district: Limit still further the parking privileges on downtown streets, with the idea of using them for mass transportation, both by trolley and bus as soon as possible.

Provide 16-cent buses with through terminal routes as fast as balanced routes can be worked out.

Ascertain the economical limits of 5-cent fares (with universal transfers within 5-cent areas) and arrange for broadcasting buses beyond those limits, with the intention ultimately of having a bus line every quarter-mile throughout the contiguous region.

Plan the highway and street system so as to encourage decentralization.

Speed up interurban electric service by limiting stops to, say, one mile, using local buses for collecting and distributing the suburban passengers.

Plan for rapid transit (entirely off-grade) between the sub-center and the metropolitan business district, with convenient access to the proposed union transcontinental passenger depot.

**OTHER SPEAKERS**  
David Paries, special counsel for the Automobile Club of Southern California, said that while it is true that the number of grade crossings and of those killed at such crossings continues to mount annually, yet this number is declining relatively to the number of registered vehicles using the public highways.

Other speakers and their subjects were: G. Gordon Whitnall, "The Los Angeles Regional Plan"; Cyrus Kehr of Washington, D. C., "A Nation Plan"; Charles H. Cheney, Los Angeles, "The Importance of Setting Up Art Juries in Real Estate Restrictions"; Nyron Hunsicker, president of the Palms Verde Art Jury, and Carleton M. Winslow, president of the Benmar Hills Art Jury.

The conference will conclude its business sessions here with a banquet tonight and will be the guest tomorrow of Pasadena at another banquet, when Frederick L. Olmstead of Brookline, Mass., an expert of national reputation will read a paper on the distribution of metropolitan parks.

## PLANS M'CARTNEY ARREST

Wife to Take Steps Today to Obtain Warrant for Realty Man and Alleged Accomplice

Action will be taken today towards the issuance of warrants against Grant McCartney, Los Angeles real estate man, and Sydney Blair, said to have been a former employee of a private detective agency, according to Deputy Sheriff Stensland, detailed by the Sheriff's office to investigate charges brought against the real estate man by his wife, Mrs. Paula McCartney. Search was instituted for McCartney after his wife told officers he was lured to a roadhouse Sunday night by Blair on the pretense of pointing out her husband to him for the purpose of serving papers, and that she was attacked and a flashlight photograph was taken of her in a compromising position with the man. She said her husband appeared and forced her away at the point of a revolver.

**POLICE SEEK PAIR**  
Both the Sheriff's office and detectives from Central Station were searching for McCartney and Blair yesterday. Deputy Sheriff Stensland and Weir followed out numerous clues during the day in search of McCartney while Deputy Modis and Dewar were detailed to find Blair. Up until the afternoon, however, neither had been located.

"Detective Lieutenants Christensen and Williams continue the police investigation of the case. Following a visit to the roadhouse where Mrs. McCartney charges she was attacked, depu-

### TRACE PHONE CALLS

Two mysterious telephone calls received at the home of Mrs. McCartney Monday night and yesterday morning were being investigated by officers during the day. On both occasions, according to Mrs. Emeline Nougaret, mother of Mrs. McCartney, the voice of a man inquired if Mrs. McCartney was in and upon being answered in the affirmative, rang off.

Dist. Atty. Asa Koyes and Dep. Dist. Atty. Prike conferred yesterday about the McCartney case and detailed investigators Eaton and Garretson to investigate all night. The District Attorney's office was also in touch with Deputy Sheriff Stensland and Weir.

## Human Arsenal Must Park Guns at City Bastille

Ramon Rodriguez, dubbed a "walking arsenal" by the police, was sentenced to 180 days in jail yesterday in Police Judge Crawford's court on a charge of carrying concealed weapons.

Rodriguez was arrested Monday night by Officers Kunz and Wamsley of the police reserves when their attention was directed to him by his apparent efforts to adjust something under his coat. He went into a house at 413-Ducommun street, then turned around and came out, the officers said. When they advanced toward him he broke and ran, but was captured, they said.

When Rodriguez was searched the officers report they found a .38 automatic, a .35 revolver, several feet of rope, a Jimmy's sacred driver and a number of skeleton keys.

## DRUG PEDDLER GIVEN TERM IN LEAVENWORTH

Joe Gomez, charged with violating the Harrison Narcotic Act, was convicted yesterday by a jury in the court of Federal Judge James. He was sentenced to two years at Leavenworth. Gomez and George Brady were arrested by Federal narcotic agents December 28, 1923, at Ninth and San Pedro streets. According to the agents, the pair sold \$10 worth of morphine to a government investigator. Brady was sentenced to eighteen months in prison several weeks ago when he pleaded guilty.

## HOTEL ASTOR

Year after year guests from Los Angeles return regularly to the Astor. They have learned by pleasant experience that "to stay at the Astor is to live in New York."

## ASPIRIN

SAY "BAYER ASPIRIN" and INSIST! Unless you see the "Bayer Cross" on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians for 24 years.

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

## Tuberculosis

Miraculous Results Are Testified to by Tubercular Sufferers Who Have Used the "Haelan" Treatment at Home

Dr. E. M. Davis, a prominent Denver physician, says: "I have personally treated a large number of pulmonary tubercular cases with 'Haelan.' Cases of the chronic type where a continual loss of weight had been recorded responded by a gradual gain in weight, a cessation of coughing, elimination of the blood-stained sputum, renewed vigor and strength, restored appetite, a ruddy complexion, warm hands and feet, clear eyes and a general robustness of constitution which surprised most of all the patients themselves."

Similar reports from tubercular patients throughout America have convinced us that pulmonary tuberculosis can be overcome with "HAELAN" without leaving the home and without the inconvenience and enormous expense of traveling to distant climates. Therefore, we offer "HAELAN" to the public anywhere at very nominal cost on a rapid GUARANTEE TO PRODUCE SATISFACTORY RESULTS, or its full purchase price will be refunded. This guarantee is backed by a deposit of \$100.00 in a large Denver bank. Full particulars, testimonials, prices for "HAELAN" will be mailed free of charge and a book on "The Modern Treatment of Tuberculosis" will be mailed free of charge. Write today. The General Remedies Co., Dept. A.R. Loan Building, Denver, Colorado.—(Advertisement)

## FOURTH

**S. S. S.**

Telephone Broadway

**Tailors of Silk**

SILKS, plain, striped, or embroidered, fashion many tailored suits. Some of them are made more interesting with trimmings of tulle, or pipings of contrasting color.

All hand-made, slenderly boyish of line, in such materials as Patou crepe, silk moiré, Casanova satin and alpaca (gloss and silk).

Silk Suits in the larger as well as smaller sizes are priced to begin at \$75.50.

THIRD FLOOR

**The Easter Over-Blouse**

THEY may have long sleeves, short sleeves, or no sleeves at all, these smart new Silk Over-Blouses. And generally they may be worn open or buttoned close at the neck.

But each is distinctive with its different new note.

Jaunty pockets and a row of very military little buttons set straight down the front cut steel beads employed in the guise of a tucked waist with a watch fob; a narrow grained throat collar, or a delicately hand painted collar, fringed.

White is largely in favor, but in close competition are such colors as lacquer red, Languish green, maize, tan, and jade. — generally in combination with white or some other color. Silk Over-Blouses are priced to begin at \$18.

THIRD FLOOR

**Glove Silks Vests and Bloomers**

GLOVE Silks are the wear of the season. did quality which assumes very unusual interest when so priced.

Glove Silks Vests are fine light weight, well reinforced with the arms to assure excellent wear. Finished with picot edge and shoulder straps of material, these vests in flesh, peach and white are only \$1.55.

Glove Silks Bloomers to match, are full, comfortably finished with a single frill at the knee. In flesh, peach and orchid, they are very exceptionally low priced at \$2.50.

FOURTH FLOOR

WEDNESDAY MORNING.

Authorized Under the Laws of the State of California:

Chromatography Institute, Inc., Central Office, Philadelphia, Pa. Conducts Lectures on Two Free Popular Lectures on "Spectro-Chrome versus Medical Em." price, with Stereoscopic by its President.

Director of the Latest Revolution in the Healing Art

**SPECTRO-CHROME THERAPY**

Restoration of the Human Radio-Active and Radio-Emanative Equilibrium

(Treatment of Dis-Eases) by

**TUNED COLOR WAVES**

THE SCIENCE OF THERAPEUTICAL PRECISION

No Drugs—No Manipulation—No Surgery

Spectro-Chrome Therapy is receiving everywhere recognition of prominent physicians, osteopaths, dentists, etc., owing to its unerring results, which, absolutely dispense with the inherent danger of other systems. It is the most wonderful, accurate, sensitive, and simple healing art, which, wherever presented, has revolutionized the treatment of human disorders and their treatment.

It is the most recent visit here of its distinguished originator. During his previous visit in January, 1924, his independent, fearless examination of the city among followers of orthodox systems, and the Journal of the Medical Association attested him. Dinshah promptly requested the city and state representatives for impartial investigation at the Spectro-Chrome Institute. The Spectro-Chrome Institute, started by Dr. Dinshah P. Ghadiali, is in his discussion here Dinshah will give his own account of the facts to the judgment of the American people.
